

# so, what about...?

PART 2: THE PROBLEM OF SCIENCE  
ROMANS 1:20A || WEEK OF FEBRUARY 17, 2019

## SUNDAY'S MESSAGE NOTES

Asking \_\_\_\_\_ is the key to \_\_\_\_\_.

Follow where the \_\_\_\_\_ leads, not where  
we \_\_\_\_\_ it leads.

The \_\_\_\_\_ between science and faith is a  
\_\_\_\_\_.

Misconception #1: Christianity is \_\_\_\_\_.

Truth: Christian \_\_\_\_\_ gave birth to  
\_\_\_\_\_.

Misconception #2: You can't believe in both  
\_\_\_\_\_ and \_\_\_\_\_.

Truth: Many scientists believe \_\_\_\_\_ & science  
are \_\_\_\_\_.

Misconception #3: Science \_\_\_\_\_ God.

Truth: If God exists, he is \_\_\_\_\_ what science  
can \_\_\_\_\_.

Science \_\_\_\_\_ the \_\_\_\_\_, not the  
\_\_\_\_\_ and \_\_\_\_\_.

\_\_\_\_\_ the WHO & WHY?

Fact-based science is \_\_\_\_\_ with  
faith-based religion.

\_\_\_\_\_ rationally answers  
WHO and WHY.

## CONNECT GROUP QUESTIONS

1. When you hear "science," what do you think of?  
Represent your mental picture with a movie poster or  
album cover. Show your group if you are able.
2. Jon said that "the war between science and faith is a  
cultural myth." a. Why do you think this myth is so  
prevalent in our culture?  
  
b. Has this myth been a part of shaping any of your  
beliefs or the beliefs of your family? If so, how?
3. Which misconception or truth resonated with you  
most in the message on Sunday? Explain why to the  
group.
4. Read Psalm 19:1-2 and Romans 1:20 as a group. What  
amazes you most in/about nature? How might that  
inform your thoughts about who God is?
